

FP7 NanoValid summer school

June 16-17, 2014

Tallinn, Estonia

THEME

Synthesis, characterization and aquatic ecotoxicity testing of nanoparticles

PROGRAMME

Lectures and hands-on trainings provided by top experts from the NanoValid project and leading European scientific institutions

June 16: synthesis and characterization of nanoparticles

June 17: aquatic ecotoxicity testing of nanoparticles

PARTICIPATION FEE

ca 150 euros (incl. lunches) for FP7 NanoValid partners

ca 200 EUR (incl. lunches) for others

For information and registration (deadline Apr. 30!) please contact:
